BEMER GROUP

The BEMER Horse-Set has been proven to have a positive impact on your horse's body. It strengthens your horse's health in terms of prevention and promotes regeneration after illness. It improves suppleness during training or when preparing for competitions. It can also provide valuable support during the healing process, including recovery from muscle tension or tendon/ligament/muscle injury. You'll notice the effects on your horse after only a few minutes of application. BEMER is the only FDA approved, class 2 medical device on the market today. The BEMER signal works from the inside out and lasts for 12-18 hours in the body.
